ABOUT THE PROGRAM

Kansas City Area Youth Jazz is a spring-and-summer-only program that is **free of charge to participants** in order to preclude any barriers to participating. Youth Jazz Artists in **high school and college** are eligible to request audition appointments. Fellowships are awarded each season after rigorous auditions.

We will have instrumental positions for two ensembles this season: "**The Bill Crain Ensemble**" and "**The Leon Brady Ensemble**." Ensembles will rehearse and record original music written for them. The album will be professionally released on the ARC label and distributed worldwide.

Tell youth musicians. Get involved.
